INTRODUCTION

COLLECTION 2013

- ◉ Each Christmas season, The Hopi Popi company produces more than a quarter of a million fruit baskets for Central Europe customers since 1997.
- ◉ All of the hand-made baskets are being woven from natural bamboo, sea grass or palm leaves.
- ◉ The fruit is assembled into the baskets by handicapped workers in a specially equipped workshop for the disabled. The entire project is patronaged by Caritas that enables these individuals to become valuable members of society.
- ◉ You, as our customer, will help promote their work.
- ◉ We hope our offer will help create a Christmas spirit in your shops, and look forward to our cooperation.
- ◉ Should you wish to change content of the baskets, please feel free to contact us.
